2. Presentation of the B.Tech Scheme and Syllabus:

The Chairperson presented the draft copy of scheme and syllabus of B.Tech. 5th - 8th semester 2023 and 1st and 2nd semester 2025.

The key features of the curriculum, including core subjects, electives, lab components, internship and projects were discussed in detail.

3. Member Discussions:

The following points are discussed in the meeting.

- Advanced JAVA programming course to be modified to include JAVA 8 features.
- Unix System Programming course to be included with latest version textbooks.
- Data Visualization Using Excel and Tableau Course to be considered as laboratory course.
- Suggested to include assessment details of courses.
- Discussed about the not inclusion of separate external lab examination courses
- Suggested to include open electives.

4. Final Discussion and Approval:

After a thorough discussion, the Chairperson acknowledged the valuable suggestions and asked the members for a consensus. The members unanimously agreed to incorporate the suggested changes mentioned above.

5. Conclusion:

The Chairperson concluded the meeting by thanking all members for their active participation and insightful suggestions. She assured that the recommendations would be incorporated into the final version of the syllabus, which would be circulated among the members for final approval before submission to the academic council.

Action Points:

1. Modification to include JAVA 8 features in Advanced JAVA programming Course.
2. Inclusion of latest version textbooks to Unix System Programming subject course
3. Consideration of Data Visualization Using Excel and Tableau as laboratory course.
4. Inclusion of Open electives.
5. Circulate the final draft of the syllabus for approval.

Meeting Adjourned at 4.47 pm.
